SECTION III: ACADEMIC PERFORMANCE OF CHARTER SCHOOLS

Provide a summary of the academic performance of each charter school that operated during the school year. This may include school-level results from the state assessments or local assessments administered. The summary of each charter school's academic performance may also include a discussion of the extent to which the charter school has satisfied the academic performance standards stipulated in the charter contract.

Central Oaks Academy is a 4K-8 virtual charter school which partners with families to provide another avenue for the education of their children. Our mission is to

individualize learning, so students can achieve their full potential and positively impact their community. We are committed to fostering strong partnerships with families. Our rigorous and authentic learning opportunities develop well-rounded learners who have a voice in their educational path. Central Oaks Academy offers families the option to learn in a self-paced environment by customizing the curriculum and learning environment to support student goals. Students are welcome to participate in any combination of classes, field studies, and school activities - including extracurricular and sports. Central Oaks Academy is a great option for families who want to be totally involved in all aspects of their child's education.

Central Oaks Academy's 2020-2021 school report card indicated that we Exceed Expectations with strong scores in growth and achievement. We continue to evaluate our scores from the Wisconsin Student Assessment System and our local district screeners to develop ways that we can improve our curriculum options, support our families and increase student achievement particularly in the areas of English Language Arts and Math.

SECTION IV: FINANCIAL PERFORMANCE OF CHARTER SCHOOLS

Each year the District provides Central Oaks Academy with an operational budget consistent with other district building budgets. The Charter School submits a plan for the expenditure of the funds showing the District its best estimate of its proposed total expenditures for the upcoming school year. Operational funds are available to the Charter School at the same time and in the same manner that they are available to other schools within the District.

The District pays all teacher & support staff salaries and benefits for Central Oaks Academy. The Charter School receives remedial services, IT services, student support services, and testing/assessment services available to other schools in the District. The distribution of such resources are determined in a manner consistent with the distribution of such resources to other programs in the District. The district also funds the cost of the facility, utilities, maintenance, custodians, district administration and all other overhead costs associated with the operation of a school district.

The Charter School's Governance Board has assumed responsibility for approving the Charter School's annual operating budget and fundraising activities. The Charter School staff has managed budget accounts in accordance with District procedures.

The Charter School assesses reasonable pupil fees in accordance with District policies for activities such as field trips and extra-curricular activities. The Charter School does not prohibit an enrolled pupil from attending the Charter School, or expel or otherwise discipline such pupil, or withhold or reduce the pupil's grades because the pupil has not paid fees.

The Charter School provides appropriate records for the district's annual audit. All financial operations of the Charter School are in accordance with the District's policies, practices, and rules.
